1XI

The first eleven have had a difficult start to the KCL division 1 campaign with only one victory from the first six games. Currently sitting 9th in the table six points above bottom placed Upchurch who they travel to for the next fixture. They are hopefully looking to transform their season around with a win to solidify a mid-table position in Division 1. The team, who are missing a few of the key players from last season due to other commitments, are looking forward to welcoming a new overseas in the coming weeks who will hopefully give the current players a boost and help us play to our full potential.

2XI

The second eleven have enjoyed a very successful start to life in Division 1. Sitting first place in the table. Playing Whitstable at home this coming weekend. The shining star so far is Nathan Fox (pictured below) scoring 401 runs from 7 innings and only 15 years of age, an amazing achievement. The team is a fantastic blend of experienced and young players. We hope that the team can continue their rich vein of form and secure a promotion to the premier division.
